EDUCATION

Sharda University, Greater Noida, India

Bachelor of Computer Applications (BCA) | 2022 – 2025

Adarsh Vidya Niketan, Mahendranagar, Nepal

Higher Secondary School | 2019 – 2021

SKILLS SUMMARY

- Languages: JavaScript, HTML, CSS
- Tools : Git, Bootstrap, React.js, MongoDB

PROJECTS

ALPHA Gym Management Platform | Sep 2025 [GitHub](#)

- Architected a role-based gym management platform supporting Admin (Owner), Trainer, and Member access levels with strict RBAC privacy scoping.
- Built interactive workout routine and calorie-macro diet distribution systems allowing trainers to send custom plans directly to member profiles.
- Implemented real-time analytics dashboards using Recharts and React 19 to visualize revenue metrics, member progress, and attendance check-ins

Gym Website | Aug 2025 [GitHub](#)

- Developed a modern, high-conversion web application for fitness centers featuring interactive membership tiers and class schedules.
- Implemented smooth scroll animations and mobile-first responsive layouts using Framer Motion and Tailwind CSS.
- Integrated client-side form validation and inquiry handling using React Hook Form, Zod, and Axios..

Expense Tracker Application | Jun 2020 [GitHub](#)

- Developed a single-page financial management application using React.js.
- Utilized LocalStorage to persist user data within the browser.
- Built a clean and intuitive UI using HTML5, CSS3, and JavaScript (ES6+).

Gym Finder App | Nov 2025 [GitHub](#)

- Built a responsive, location-based web application enabling users to search, filter, and discover local fitness centers.
- Integrated Leaflet & React-Leaflet to render dynamic interactive maps, custom location markers, and real-time popups.
- Developed modular React components using React Router, Axios, and Vite for seamless state management and UI performance.

CERTIFICATIONS

- Web Development Certification – Great Learning | Sep 2024
- Gained strong fundamentals in HTML, CSS, and JavaScript.
- Built dynamic and responsive web applications using modern frameworks and libraries.
